## ***"Quality Bulbs For Distinctive Gardens"***

The Finest Originations of the  
World's Greatest Hybridizers

### **PLEASE READ CAREFULLY**

**Order Early:** We will try to keep some bulbs for you until quite late in the spring, but our stock of many of the finest and newer varieties is very limited. We count "recklessly" in the Fall when our trays are filled with bulbs and early orders receive many "extras." But later, when stocks are low, I try to remember that my father was a good Scotchman.

**Terms:** Cash. No mail orders for less than \$1.00 can be accepted. We give wholesale prices to everyone. Bulbs by the 100 at 9 times the price of 10. We pre-pay transportation. Send for special prices on lots of 500 or more of one variety.

**Discounts:** Members of the A. G. S., C. G. S., and of the San Fernando Valley Horticultural Society may select 5% additional on all orders of \$5 or over.

**Guarantee:** While we cannot guarantee the results you will obtain with your bulbs, we will do our best to please and satisfy you. Our bulbs are healthy, state inspected, carefully culled and true to name. Our big, plump virgin gladiolus bulbs, grown in the famous silt loam soil of the Van Nuys district, produce prize-winning flowers for you. Carefully examine and count your bulbs when received. If not well pleased, return them to us and we will refund the purchase price plus the return postage.

**Bank Reference:** The California Bank of Van Nuys.

**Cultural Directions:** The "Directions for Growing Prize Gladiolus," of the American Gladiolus Society, is included free with all of our bulb orders.

**Flower Shows:** The Annual Show of the California Gladiolus Society will be held in the beautiful Ball Room of the Biltmore Hotel, Los Angeles, on the eighth and ninth of June. Admission will be fifty cents.

The Second Annual Flower Show of the San Fernando Valley Horticultural Society will be held in San Fernando on the fifteenth and sixteenth of June. Plant your bulbs in January and February to have flowers for these shows.

Send us two dollars for membership in the California Gladiolus Society and one dollar for membership in the San Fernando Valley Horticultural Society and you will be admitted free to both of these shows and also receive all of the other benefits of these societies.

**Visitors Are Always Welcome:** Our "Glad" Ranch is located on a paved street and is just twelve miles from Hollywood. Drive out Ventura Boulevard to Woodman Avenue (two miles west of Studio City); turn right and drive three and one-half miles north on Woodman to our ten-acre "Gladiolus Rancho." We are about one mile east and one mile north of Van Nuys.

**Semesan:** The Premier Bulb, Seed and Soil Disinfectant. We use and recommend Semesan. To prevent and control bulb diseases and to repel certain insect pests, we treat all of our planting stock of bulbs, bulblets and seeds with Semesan. If interested, send for literature. We can supply you with Semesan at the following prices:

2 ounces—\$ .50	1 pound —\$ 2.75
8 ounces—\$1.60	5 pounds—\$13.00

Special prices on larger quantities
